PROFESSIONAL SUMMARY

BCA student specializing in Artificial Intelligence and Machine Learning with a strong foundation in Python, Java, SQL, DBMS, Data Structures, and Computer Science fundamentals. Hands-on experience building database-driven web applications using Flask and SQLite, including authentication, CRUD operations, database management, debugging, and testing. Seeking a Software Development Engineer Intern role to apply programming, application development, debugging, and problem-solving skills while contributing to customer-focused software.

EDUCATION

St. Claret Autonomous College, Bangalore
BCA – Artificial Intelligence & Machine Learning | 2024 – 2027 | CGPA: 7.86/10

St. Claret Pre-University College, Bangalore
PUC (12th) | 73.66%

St. Paul's English High School, Bangalore
SSLC (10th) | 84.44%

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, SQL
Databases: SQLite, DBMS, Database Design, CRUD Operations
Data Structures: Arrays, Lists, Stacks, Queues, Searching, Sorting
Web Development: HTML5, CSS, JavaScript, Flask
Tools: Git, GitHub, VS Code
Core Skills: Application Development, Debugging, Testing, Computer Science Fundamentals

PROJECTS

MEDCARE – Medicine Reminder & Management System | Python, Flask, SQLite, HTML, CSS, JavaScript
- Developed a database-driven medicine management web application using Flask and SQLite.
- Implemented user registration, login, authentication, medicine management, and CRUD operations.
- Built medicine scheduling and browser-based notification functionality with popup alerts.
- Applied SQL and DBMS concepts to store and manage user and medicine records.
- Developed an AI assistant module to enhance application functionality.

Student Administration Portal | Python, Flask, SQLite, HTML, CSS
- Developed a web-based student information management system using Flask and SQLite.
- Implemented database connectivity, student application management, and CRUD operations.
- Designed structured admission forms and an administrative dashboard for managing applications.
- Applied backend development, debugging, database management, and testing concepts.

Personal Portfolio Website | HTML, CSS, JavaScript
- Designed and developed a personal portfolio website showcasing profile, technical skills, projects, and achievements.
- Created a structured, user-friendly interface presenting education, skills, projects, and professional details.

EXPERIENCE

Content Developer Intern | Tsidkenu Global Solution
- Created and organized digital content according to project requirements and guidelines.
- Conducted research and prepared structured documentation for assigned projects.
- Collaborated with team members and maintained accuracy while meeting deadlines.

CERTIFICATIONS

- Java Programming Fundamentals – Infosys Springboard
